

BEYOND THE TACO

We value COMMUNITY.

Torchy's donates tacos, time, and resources to causes we're passionate about. Whether it's cancer research at MD Anderson, childhood enrichment at Make-A-Wish Foundation or addiction recovery at Phoenix House, we believe in leaving the world better than we found it. In fact, a portion of the profits from every Taco of the Month goes towards these causes.

We don't just focus our attention nationally, Torchy's also looks locally. Each one of our stores is actively involved in helping the community around them.

We value our EARTH.

Without the planet, we wouldn't have tacos. Torchy's thanks the environment by only stocking napkins, cups and cutlery made from 100% renewable resources. Even our used cooking oil is turned into fuel for cars.
